

Degree Requirements

Catalog Governing Graduation

University and departmental requirements to graduate default to the catalog under which a student initially enrolls with Minot State University. The student and/or an advisor must notify the Registrar's Office if a student is following the requirements of a different catalog. Students can only choose to follow the requirements of a catalog that was published after initial enrollment, up to six years immediately preceding graduation. In the event courses are eliminated from curriculum, an appropriate substitution must be determined by the department. University or departmental requirements may change to comply with accreditation, certification, and licensing requirements. Should programs be eliminated from the curriculum, the University reserves the right to determine an appropriate phase-out process. If there is break in enrollment, summer term excluded, the student must follow the requirements of the catalog representing the term in which the student re-enrolls.

Credits Required for a Degree

Baccalaureate Degree

A minimum of 120 semester credits is required for a baccalaureate degree at Minot State University. At least 60 of these credits must have been earned at a four-year college or university. The student must have completed the Minot State University General Education Requirements and all required courses for the selected major(s), minor(s), and area(s) of concentration and competency, as well as any other professional requirements as may be prescribed in each curricular plan. No more than 15 credits earned with the satisfactory/unsatisfactory option may be applied toward the degree.

Multiple Degrees

Students may elect to earn two or more bachelor degrees. Each degree must be different (i.e. BA and BS). For example, students cannot complete a BS double degree in Accounting and a BS in Criminal Justice. This would be a one degree with two majors. Neither could a student complete a BA in History and a BA in Psychology. In cases involving two majors with one degree, see the section of the catalog concerning double majors. Students deciding to earn two or more degrees must complete all the requirements of the major for each degree. Each student must earn a minimum of 30 semester hours beyond the first degree for each additional degree. While there may be overlap for the major requirements for the two or more degrees, students must complete all minor/concentration requirements for each degree. Repeated courses do not count towards the additional 30 semester hour requirement for each additional degree.

Double or Multiple Majors

Students may elect to earn a single degree (i.e. BA or BS) with more than one major. All requirements for both or multiple majors must be completed even though students will receive a single degree such as a Bachelor of Arts with majors in English and History. If a bachelor's degree is the objective, it is only necessary to complete the number of semester hours required for a single major.

Adding a Major/Minor After a Degree has been Posted

Students who have previously completed a degree at Minot State University may elect to return to the University to complete an additional major, minor, and/or concentration. Refer to the department of your chosen major/minor/concentration for detailed information about specific requirements.

Certificate of Completion or Certificate Program

Both Certificates of Completion and Certificate Programs will be annotated on an academic transcript. For each certificate of completion and/or certificate program, a student must complete one quarter of the semester hours through Minot State University.

Grade Point Average Requirements

A minimum cumulative grade point average of a 2.00 is required in all of the major, minor, concentration, competency areas, and cumulative averages for associate and baccalaureate degree candidates. Some programs of study have higher minimum grade point average requirements. Refer to detailed program information to see specific grade point requirements.

Honors Requirements

The cumulative grade point average is used to determine which baccalaureate degree students may graduate with honors. Prospective honors graduates must have completed both a minimum of two terms in residence and 30 semester credits at Minot State University. For students earning a second degree, honors are based on grades earned beyond the first degree. The minimum honors requirements are as follows:

Honor	Cumulative GPA
Cum Laude	3.500
Magna Cum Laude	3.750
Summa Cum Laude	3.900

Residency Requirements

All courses taught for Minot State University credit are considered "in residence." Baccalaureate degree candidates must have earned a minimum of 30 semester credits in residence. At least 12 of the credits required for any major and at least six of the credits required for any minor must have been earned in residence. Some programs may require more than the minimum number of credits for the major or minor.
