Financial Aid

Minot State University makes every effort to provide financial assistance to eligible applicants through loans, grants, scholarships, employment, or a combination of these and other student aid programs. It is expected students will meet part of their need from earnings, and parents will contribute in proportion to their financial ability. A student applying for financial aid at Minot State University is considered for a variety of federal, state, and institutional programs. Applications are evaluated to determine the individual need of the students and awards are made with careful adherence to federal, state, and institutional guidelines. The primary responsibility for financing a college education rests with the student and his or her family. Financial aid should be used as a supplement to family support. The Financial Aid Office reserves the right to the final determination regarding the type(s) and amount of aid awarded to students. Awards are based upon an evaluation of the student’s eligibility as determined by the Free Application for Federal Student Aid form and the availability of funds. Financial assistance from Minot State University is redetermined annually.

Who May Apply

Students applying for federal financial aid must:

1. Be a U.S. Citizen or an eligible non-citizen.
2. Be enrolled and fully accepted for enrollment in a degree granting program.
3. Maintain satisfactory academic progress toward completion of a course of study.
4. Not be in default on any Federal Student Loan Program.
5. Not owe a repayment of any grant funds previously received.

How to Apply

Students applying for financial aid must complete a Free Application for Federal Student Aid (FAFSA). When completing the FAFSA, applicants must list Minot State University as a university they plan to attend. The Minot State University school code is 002994.

All students (including first-year students, returning and transfer students) are encouraged to complete the FAFSA online at www.fafsa.gov (http://www.fafsa.gov). Students applying for financial aid for the summer term will also be required to complete an institutional financial aid application. The summer financial aid application is available online at minotstateu.edu/finaid. The application becomes available when summer registration begins.

When to Apply

To receive priority consideration for financial aid for the upcoming academic year, MSU must receive the results of the student’s FAFSA and the student’s application for admission by April 15. Students should file the FAFSA online by April 1 to meet the priority deadline. Students who meet the priority deadline will receive consideration for the campus based aid programs (Federal Supplement Educational Opportunity Grants, Federal Perkins Loans, and Federal Work Study) as well as the Federal Pell Grant and Federal Direct Loan Programs. Applications for financial aid will be accepted after April 15, but funding may be limited to the Federal Pell Grant and Federal loan programs.

Students completing the FAFSA incorrectly or omitting necessary information may be required to correct their FAFSA before financial aid will be awarded. Corrections may cause a delay in determining a student’s eligibility and may cause students to miss the priority funding date.

Verification

If selected for verification by the Department of Education or Minot State University, students must provide documentation to prove the accuracy of the information provided on the FAFSA. As a part of this process, students and/or parents may need to provide a Tax Return Transcript and other requested documentation. Tax Return transcripts can be obtained at irs.gov (https://www.irs.gov). Financial aid may be canceled for failure to provide requested documentation within a reasonable length of time (30-45 days). If you purposely give false or misleading information, you may be fined up to $20,000, sent to prison, or both.

How Financial Aid is Awarded

Financial aid awards are based on need and the availability of funds. Need is defined as the difference between the estimated cost of education as determined by the University, and the expected family contribution (EFC) as determined by the FAFSA. A need exists if the expected family contribution is less than the estimated cost of education.

The estimated cost of education includes costs recognized by the federal government as necessary for a student to pursue an education. The estimated cost of education includes: tuition, fees, books, board, room, transportation, and other miscellaneous personal expenses. The expected family contribution formula considers:

1. Income of the student, spouse, and/or parent.
2. Assets of the student, spouse, and/or parent.
3. Family size.
4. Number of family members enrolled in college.
5. Age of the student, spouse, or parents.

Every effort is made to provide adequate funding to meet the student’s educational costs. To view our actual cost of attendance visit our web site at minotstateu.edu/finaid/cost.shtml.

**How Financial Aid is Disbursed**

Students must meet admissions, attendance and satisfactory academic progress requirements prior to receiving financial aid. All loans, grants, scholarships and work study awards are subject to change, depending on enrollment status, other resources, participation criteria and availability of funds. If attending the academic year, grants, scholarships and loans will be disbursed in two allotments during the period of time for which the student is enrolled. Aid is disbursed each semester during the fee payment date and thereafter. Fee payment date information can be obtained at the Financial Aid Office or Business Office. The students’ accounts will be credited and any excess aid will be disbursed by the Business Office during fee payment.

Students whose charges are less than the financial aid received are encouraged to have the excess financial aid direct deposited into his or her bank account. If a student does not complete a direct deposit request, an excess aid check will issued by the Business Office where the student may pick it up or request to have it mailed.

**Withdrawal from the University**

Students who find it necessary to withdraw from all courses must complete a Withdrawal Form either at the Financial Aid Office or online at minotstateu.edu/finaid/withdrawal.shtml. Students who withdraw from all courses after the start of a semester will be subject to the Return of Title IV Funds Policy and the University’s refund policy.

**Financial Aid Satisfactory Progress Policy**

Federal regulations require institutions participating in federal financial aid programs to measure a student’s progress toward earning a degree. To be eligible to receive financial aid, students must meet all of the institution requirements, be admitted into a degree granting program and must meet the following minimum standards:

1. **Grade Point Average (GPA).** Students are required to maintain a minimum cumulative grade point average of 2.0 at the conclusion of each semester based on all Minot State University and transfer undergraduate credits.

2. **Attempted/Completed Credits.** Students must successfully complete a minimum of 66.667% of the cumulative attempted credits.

3. **Maximum Time Limit.** Students must successfully complete their degree within 150% of the published number of credits needed to complete their program of study. The maximum number of credits includes all credits attempted while attending Minot State University and any credits attempted at other colleges or universities whether or not federal financial aid was received while completing those credits. Students who are approaching the maximum attempted credit hour limit will receive a Financial Aid Information Service Indicator on Campus Connection to warn them that they are close to reaching this limit.

A detailed copy of Minot State University’s satisfactory progress policy for financial aid eligibility may be obtained from the Financial Aid Office or online at minotstateu.edu/finaid/policies.shtml.

**Appeal Process**

A student with special circumstances may appeal his or her financial aid status by submitting documentation explaining and verifying the special circumstance to the Financial Aid Office. Documentation received will be reviewed and students will receive notification by email of the outcome of their appeal.

**Return of Title IV Funds Policy**

Students who withdraw from school and who have received federal funds may have to repay a portion of those funds back to the federal aid programs. The portion of funds that must be returned is calculated by dividing the number of calendar days attended by the number of calendar days in the term. The return of funds will be calculated through 60% of the term, which is approximately the first 70 calendar days of a fall or spring semester.

Example: The term is 116 calendar days in length and the student decides to withdraw on the 21st calendar day of the term. The student has earned 18.1% of the funds received and must repay 81.9% of the funds. If the student received $2,600 the student would have to repay $2,129.40.

The impact this federal regulation will have on students who withdraw from school is that they will have to repay, at the time of withdrawal, a portion of the funds they received for the term of attendance. Students who owe a repayment of funds: (1) will not be entitled to enroll in subsequent terms, (2) will not be eligible to receive additional federal funds, and (3) will have a hold put on his or her grade transcripts until his or her account is paid in full. In addition, these students may have his or her account reported to the U.S. Department of Education for further action.

Students who receive institutional scholarships may have to repay a portion of those funds based upon the return of funds formula. The full Return of Title IV Funds Policy is available online at minotstateu.edu/finaid/_documents/policies/policy_refund_repayment.pdf.
Unofficial Withdrawal

Students who stop participating in all classes in the midst of a semester without formally withdrawing are considered to have unofficially withdrawn.

If a student earns a passing grade in one or more classes in a semester (fall, spring or summer term), MSU will presume the student completed the course and thus completed the period of enrollment. If a student who began attendance and has not officially withdrawn fails to earn a passing grade in at least one course offered over an entire semester, MSU will assume the student has unofficially withdrawn and will seek documentation of the student's last date of academic participation in his or her courses. The determination of unofficial withdrawals will occur after grades are posted at the end of each semester by creating a list of all students who received all F's, I's, or U's for the payment period (semester). For unofficial withdrawals, the withdrawal date used for calculating Return of Title IV funds is the later date of either the midpoint of the period of enrollment or the last date of academic participation in any course as reported by the student's faculty members.

Based on the determined unofficial withdrawal date, a Return of Title IV funds calculation will be completed to determine the amounts and types of federal financial aid to be returned and MSU will return the unearned Title IV funds to the Federal Aid programs. All unearned financial aid funds to be returned will be the responsibility of the student to repay to MSU. A letter will be mailed to the student at the time of calculation notifying the student of their obligation to repay MSU for the unearned portion of the federal financial aid they received for the semester and a point of contact from the MSU Business Office will be identified in the letter. Students who unofficially withdraw will be placed on Financial Aid Disqualification following the term in which they received all F's, I's, or U's.
