Teacher Education Policies and Procedures

Teacher Education Mission

The Teacher Education Unit (TEU) at Minot State University focuses on preparing teachers who demonstrate reflective decision-making and the ability to integrate knowledge of content, students and the contexts in which we learn.

Our mission is to prepare educational professionals with:

• knowledge of content, and knowledge of cognitive and developmental sciences,
• performance skills, and
• professional dispositions toward the students, curriculum, and reasons they teach.

This preparation will allow them to work successfully with:

• varied students,
• in changing classroom environments,
• within a global community.

Teacher Education Philosophy

Our philosophy for Teacher Education at MSU is to:

• prepare learners to participate in a democratic society,
• engage learners’ natural curiosity about their communities and the world,
• access and purposefully reflect upon continuously evolving knowledge-bases in their content area(s) and cognitive / developmental sciences,
• construct skills and attitudes necessary for critical thinking and the useful application of knowledge,
• build effective teacher/student/community relationships, and
• demonstrate a sense of agency toward ethical, respectful and responsible behaviors.

THEREFORE, WE BELIEVE:

• Responsibility for the preparation and continuing development of teachers, must be shared by university faculty, educational practitioners, and the state, through its educator licensure standards;
• Teacher Education faculty must model ethical professional practice;
• Teacher Education faculty must be involved in both scholarly activities and the field of practice, to continually clarify and expand the professional knowledge base in both content and pedagogy;
• Teacher Education faculty must systematically evaluate programs and graduates to assure their continued high quality;
• Teacher Education programs must reflect global diversity and prepare professionals to teach in a pluralistic and multicultural society within a global community;
• The education of teachers must consist of a course of study that demonstrates high expectations, including a broad liberal education, academic subject matter preparation, knowledge of cognitive and developmental characteristics (of children, adolescents, young adult learners) and general and content-specific preparation in teaching methodology;
• The Teacher Education program and subsequent graduate study must include a wide variety of school-based experiences that serve as opportunities for candidates to apply pedagogical knowledge, grounded in research from cognitive and developmental science, and reflect on its application;

Teacher Education Student Learning Goals (SLG) and Student Learning Outcomes (SLO)

<table>
<thead>
<tr>
<th>Student Learning Goals</th>
<th>Student Learning Outcomes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Goal One: InTASC Standard 1: Learner Development. The teacher candidate demonstrates knowledge of how learners grow and develop; and designs and implements developmentally appropriate and challenging learning experiences.</td>
<td>SLO 1: The teacher candidate demonstrates knowledge of how learners grow and develop across domains (cognitive, linguistic, social, emotional, and physical areas.)</td>
</tr>
<tr>
<td></td>
<td>SLO 2: The teacher candidate responds respectfully to developmental needs in the design and implementation of appropriate and challenging learning experiences.</td>
</tr>
</tbody>
</table>
Goal Two: InTASC Standard 2: Learning Differences. The teacher candidate uses professional knowledge of individual differences and diversity to ensure inclusive, successful learning environments.

SLO 1: The teacher candidate demonstrates respectful, professional knowledge of individual differences and diversity.

SLO 2: The teacher candidate uses understanding of learners’ commonalities and individual differences to design inclusive learning experiences that empower success.

Goal Three: InTASC Standard 3: Learning Environments. The teacher candidate works with others to create environments that support individual and collaborative learning.

SLO 1: The teacher candidate collaborates and communicates with others to build a positive learning climate marked by respect, rigor and responsibility.

SLO 2: The teacher candidate manages the learning environment to engage learners actively in individual and collaborative learning.

Goal Four: InTASC Standard 4: Content Knowledge. The teacher candidate demonstrates knowledge and application of the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches to assure mastery of the content.

SLO 1: The teacher candidate demonstrates knowledge of the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches.

SLO 2: The teacher candidate creates learning experiences that make the discipline accessible and meaningful for learners, to assure mastery of the content.

Goal Five: InTASC Standard 5: Application of Content. The teacher candidate makes connections among concepts and uses differing perspectives to engage learners.

SLO 1: The teacher candidate makes connections among concepts and relates content to real world problems and meaningful applications.

SLO 2: The teacher candidate engages learners with higher order thinking about content (i.e. critical thinking, perspective-taking, creativity, collaborative work and communication).

SLO 1: The teacher candidate can articulate and use multiple methods of assessment, to fairly demonstrate the full extent of student learning.

SLO 2: The teacher candidate uses, and engages learners in using, assessments aligned with learning expectations, to monitor, support and document growth.

Goal Seven: InTASC Standard 7: Planning for Instruction. The teacher candidate plans instruction that supports every student in meeting rigorous learning goals.

SLO 1: The teacher candidate selects, creates, plans and sequences varied instructional activities to support the growth of all students toward rigorous curriculum goals.

SLO 2: The teacher candidate uses formative and summative assessment information to systematically adjust instruction to assist varied students’ learning needs.

SLO 3: The teacher candidate collaborates and communicates (i.e. with colleagues, specialists, community resources, families and learners) to meet individual learning needs.

Goal Eight: InTASC Standard 8: Instructional Strategies. The teacher candidate plans and uses a variety of instructional strategies to encourage learners to develop deep comprehension and apply knowledge in meaningful ways.

SLO 1: The teacher candidate can reflectively select and use a variety of instructional strategies, including appropriate, current instructional technologies, to make learning accessible to all learners.

SLO 2: The teacher candidate applies instructional strategies which encourage learners to develop deep comprehension and apply knowledge in meaningful ways (including students’ own digital literacy).

Goal Nine: InTASC Standard 9: Professional Learning and Ethical Practice. The teacher candidate engages in ongoing professional learning and uses evidence to continually evaluate his/her practice.

SLO 1: The teacher candidate takes responsibility for evidence-based strengths and weaknesses in his/her own practices, engaging in ongoing professional learning.

SLO 2: The teacher candidate practices the profession in an ethical manner, considering the effects of his/her decisions and actions on others.

Goal Ten: InTASC Standard 10: Leadership and Collaboration. The teacher candidate seeks appropriate leadership roles and opportunities to take responsibility for student learning.

SLO 1: The teacher candidate seeks appropriate leadership roles and opportunities to advance the profession.

SLO 2: The teacher candidate takes responsibility to communicate and collaborate in positive ways that will benefit students and the learning community.
Teacher Education Vision

The vision we hold of our graduates is embodied in the Teacher Education Unit's Conceptual Model, Teachers as a Reflective Decision-makers, focusing on Action, Reflection and Knowledge (ARK).

Teachers who act are decision-makers who model professional practice, who have a sense of purpose and agency to engage and empower students within inclusive communities of learners. They value, encourage, and monitor the sustained, active involvement of every student in carefully planned, meaningful learning experiences. They collaborate willingly with colleagues and other professionals on educational issues, to plan and implement practices informed by professionally grounded evidence. They offer and receive support in continuing to develop as an expert teacher.

Teachers who reflect are decision-makers who evaluate relevant choices for teaching, decide and act on the preferred choices. They continually reevaluate their choices in light of their effectiveness, evidenced by students’ responses and achievement, and by current literature and research. They reflect on cognition and learner development in regard to how students process information in the mind/brain, and the influences of the contextual environments in which students live. They hold the perspective of improving students' future success, and life-long learning as an engine driving the common good of society.

Teachers who know are decision-makers who have acquired a strong knowledge base in subject-area content, cognitive and developmental sciences, and pedagogy. They understand that these knowledge-bases interact to help students construct meaning and useful knowledge. They understand the importance of continually striving for currency across these areas. This multi-disciplinary knowledge base provides information for reflection and action in teaching situations as well as the skills and attitudes necessary to ensure continued growth.

Professional Dispositions

In addition to the InTASC Standards, MSU Teacher Education Unit faculty has designed six professional dispositions statements which embody how we expect our graduates to be disposed toward the students, curriculum, and reasons they teach. Candidates and graduates should be:

1. The teacher candidate demonstrates respect:
   **Actively observes, recognizes, respects, and responds to all learners and their families (the diversity present in a classroom.)

2. The teacher candidate demonstrates communication and collaboration:
   **Recognizes, values, and seeks out the voices of various stakeholders for the ultimate purpose of cooperation and collaboration inside and outside of the classroom

3. The teacher candidate demonstrates a commitment to complexity of content:
   **Actively seeks to understand content at a deeper, fuller level and seeks the same for students

4. The teacher candidate demonstrates a commitment to student learning:
   **Actively engages learners in their own learning and uses data as an impetus to make decisions, both instructional and otherwise, short-term and long-term.

5. The teacher candidate demonstrates reflection:
   **Engages in thinking about teaching and learning, evaluating what is working and what is not working, and actively seeking to improve practice and student learning

6. The teacher candidate demonstrates responsibility:
   **Takes responsibility for teaching strengths and weaknesses, as well as student learning and non-learning.

Teacher Advisement and Field Placement Office

The Teacher Advisement and Field Placement Office (TAFP) serves all candidates enrolled in Teacher Education programs across campus. This office is responsible for regularly scheduled group meetings held throughout each academic year (Student Teaching orientations, and Student Teaching seminars). In these meetings, candidates are specifically coached regarding admission, retention, and exit policies, as well as various application procedures and deadlines associated with MSU’s Teacher Education program and certification. Office members are available for candidates on an individual basis to answer questions related to their progress through the Teacher Education program. In addition to advisement, the office is responsible for coordination of all Teacher Education field-based experiences in partnership with the schools, including practicum arrangements and student teaching placements.
Admission to Teacher Education

The candidate must submit a completed admissions packet prior to a Teacher Education Administrative Council (TEAC) admission meeting. These meetings are held the week prior to the semester registration time and at the end of each semester. The packet will contain the following:

1. Application form.
   One of the requirements listed on the application form is that the Teacher Education Unit must be able to verify satisfactory grade point averages through previous semesters:
   a. Minimum 2.50 GPA on the Communications portion of General Education requirements (ENGL 110 College Composition I, ENGL 120 College Composition II, COMM 110 Fundamentals of Public Speaking) with no grade lower than “C”.
   b. Minimum Cumulative GPA of at least 2.75
   c. Minimum GPA in the teaching major and teaching minor of at least 2.5.
   Students who have met all other requirements for Admission to Teacher Education and do not hold an overall GPA of 2.75, but do demonstrate a 3.00 GPA in their last 45 semester hours of study, may petition for special review by TEAC for admission to Teacher Education. Students granted admission by TEAC under this provision must demonstrate an overall GPA of 2.75 prior to Student Teaching.

2. Must be enrolled in, or have completed ED 260L.

3. Satisfactory basic skills, demonstrated by the Core Academic Skills for Educators Test (CASE) scores. A minimum composite score of 466 based on the Current Qualifying Scaled Scores for Reading (156), Writing (160), and Mathematics (150), provided the candidate has met the passing score currently in place for two of the three tests.

4. Must pass a background clearance check or verify that a background clearance is required for a job or volunteer position.

The advisor(s) and department chair(s), upon verifying all of the required information in TK20, sign the verification form, and the student can upload the verification form into TK20.

The Teacher Education Administrative Council will grant or deny admission to Teacher Education prior to registration for the following semester. After admission to Teacher Education, the candidate may register for restricted education courses provided all other prerequisites are met.

1. Candidates who have been certified for teaching in another state or province may be admitted to Teacher Education without completing all of the above requirements; however, each case must be recommended to the Teacher Education Administrative Council (TEAC) by the department chair of the candidate’s major area of study.

2. Candidates applying for post baccalaureate licensure must work with the Teacher Education and Human Performance Department to complete a plan acceptable to the University and the North Dakota Education Standards and Practices Board.

3. Individuals seeking ‘licensure-only’ student teaching placements, in which they are not receiving a degree from Minot State University, but MSU will transcript their student teaching credits, must take the core methods in their program area with MSU. This requirement exists to assess required academic and pedagogical competencies prior to placement in a school. Courses designated as ‘core methods’ are defined by each program area, and assessments parallel those required of degree candidates.

Application for Student Teaching

Prospective student teachers should make application for student teaching nearly a full semester in advance of their expected placement. Application materials and instructions are available from the Teacher Advisement and Field Placement office, Swain Hall, 218B. Candidates should check current semester schedule booklets, the Red and Green, the TAFP website at http://www.minotstateu.edu/teu/student_teaching.shtml, and the campus bulletin boards for relevant published deadlines and announcements regarding student teaching. Only completed applications, submitted by the published deadline, will be processed and considered for approval for student teaching.

Retention in Teacher Education Criteria for Retention in Teacher Education:

1. Teacher Education candidates must maintain cumulative grade point averages of at least 2.50 in all courses in the Teacher Education core, and overall 2.75. The candidate must receive at least a “C” grade in every course of the Teacher Education core and methods courses that require admission to Teacher Education. A grade below a “C” in a Teacher Education core course that does not require admission to teacher education may not place a candidate on probation but prior to student teaching candidates must obtain a grade of not less than a “C” in all core courses. At the end of each semester, grades will be reviewed and if the stated conditions are not met the candidate is placed on probation. This probation must be remedied by the end of the next semester or the candidate is automatically dropped from Teacher Education. A candidate on probation will not be allowed to student teach. See section on “Effect of Probationary Status.”

2. The candidate must meet any additional departmental requirements. Students are requested to check with their advisors concerning any additional departmental requirements.

3. The candidate is expected to demonstrate the dispositions of a good teacher throughout the program by demonstrating commitment to: respect, communication and collaboration, complexity of content, student learning, motivated, dedicated, responsible, reflection, and responsibility. Candidates who display inappropriate dispositions are to be reported by faculty or field based supervisors. Prior to filing the report faculty would be expected to discuss their concerns about the candidate’s disposition with the candidate. If discussion of the concern does not remedy the problem then an inappropriate dispositions report is filed. Both the candidate and reporting person should sign the report. If the candidate is unavailable (eg.
due to excessive absences) the report may be filed without the candidate’s signature. The written report is filed with the Chair of Teacher Education and Human Performance who will forward copies to the candidate’s advisor or department Chair. The form will describe the inappropriate disposition or behavior and also indicate the level of urgency in remedying the situation. Any report of inappropriate dispositions will require that the reporting faculty member be notified of an advisor/candidate action plan to remedy the concerns. In the case of multiple reports of inappropriate dispositions or an egregious incident the candidate will be required to meet with the Teacher Education Administrative Council (TEAC) which will determine what action needs to be taken. Action may include an advisor/candidate plan to remedy concerns, probation with a plan to remedy concerns, or removal from the program. In the event of multiple reports or an egregious incident a “plan follow through” report must be filed with TEAC prior to recommendation for licensure.

4. The candidate must maintain continuous enrollment. Candidates who are not enrolled at the university for more than two consecutive semesters (excluding summer semesters) will be dropped from Teacher Education and must be re-admitted to Teacher Education before proceeding with any coursework requiring admission to Teacher Education.

**Effect of Probationary Status**

1. The candidate on probation must work to remedy the causes of probation and may not take any further coursework requiring admission to Teacher Education other than courses that need to be retaken. This should involve consultations with the faculty advisor.

2. Following the probationary semester the Teacher Education Administrative Council (TEAC) will review the candidate’s status. This review will include but not be limited to: the grade point averages, dispositions, recommendations from faculty, and the previous probation history. The TEAC will change the candidate’s status to fully admitted, or will drop the student from the Teacher Education program. The candidate will be informed of the decision at the end of the semester. A candidate dropped from Teacher Education will be dropped from any course requiring admission to Teacher Education.

3. Candidates on probation may not apply for student teaching.

**Procedure for Readmission to Teacher Education**

If a candidate was dropped from Teacher Education for failure to enroll for more than two consecutive semesters, the candidate must meet with his/her advisor and be recommended for reinstatement by his/her advisor and the department chair.

If a candidate was dropped from the program for other reasons, he/she must go through the full admissions process, but will not be required to duplicate relevant items from the first admission.

**Exit Requirements from Teacher Education**

1. Successful completion of all coursework outlined by the Teacher Education Unit and the major department.

2. Successful completion of student teaching including required documentation.

3. Completion of required Praxis II and PLT tests.

4. Make formal application for graduation.

**Praxis II**

All candidates must complete the Praxis II content and PLT exams relative to their major to be eligible for graduation. Individual departments may use their discretion in determining the most effective placement of the testing within their sequence of courses for the major.

To be eligible for licensure in ND, all candidates in core areas as defined by ESEA (Elementary and Secondary Education Act) must demonstrate satisfactory basic content knowledge in their major as indicated by their Praxis II test(s) scores. K-12 majors must successfully complete the Elementary PLT or the Secondary PLT plus their respective Praxis II exams to meet licensure requirements.

Candidates who do not meet or exceed the minimum Praxis II or PLT test scores established by the North Dakota Education Standards and Practices Board may have their degree posted provided all other degree requirements are met. Candidates will be reminded that without passing the Praxis II and PLT exams they will not be provided with a letter of support indicating that they have met ND standards for licensure.

**Praxis II and Teaching Minors**

A teaching minor in a “core” subject area requires that the candidate successfully complete the Praxis II examination to obtain a major equivalency that allows them to teach in that subject area. A teaching minor in a “non-core” subject area allows the candidate to be licensed to teach in that area.

**Licensure**

The Head of the Teacher Education Unit recommends licensure based on the candidate meeting the guidelines established by the Education Standards and Practices Board of North Dakota.
