In cooperation with MSU's Center for Extended Learning, several ASPSW courses are available around the world with online delivery.

Our faculty and students are heavily engaged in service to the community and are active in research. Service and research foster an understanding for our students regarding how our departmental disciplines are applied in the community and add to our scientific knowledge. Student-led activities are facilitated by the Student Social Work Organization (SSWO) and the Psychology and Addiction Studies Club (PASC).

Our programs are fully accredited or approved by the National Addiction Studies Accreditation Commission (NASAC), the Council on Social Work Education (CSWE), and the National Association of School Psychologists (NASP).
